Highlights of the School Council Year

-Playground Committee continues with fundraising for the new structure. They have found a company out of Medicine Hat that can supply and install a similar structure for half the cost of the previous quote. With \$70,000 raised so far they are very close to their goal.

-We continue to have relatively low attendance at meetings and discussion was had about how to improve this. We decided to spend the School Council Engagement Grant on ASCA courses for our parents/ members.

-There are some parents looking into daycare in Marwayne, There is a shortage right now and that results in parents taking their kids to Lloyd or Kitscoty.

-The library board is looking at using the school courtyard for gardening.

- We would like to continue to work with community groups and improve communication about activities happening at the school as well as increase community and parent involvement opportunities.
